**MA 162**Week 1 Recitation Worksheet

---

**Directions:** Below is a table consisting of 25 traits/descriptions. Walk around and introduce yourself to your fellow classmates and TA. As you do so, try to find people who match the traits/descriptions in the table. When you find someone who matches a trait/description, write their name (first name plus first letter of last name) in the corresponding box. You must fill in at least 10 of the boxes, without listing anyone more than once, to earn full credit for this week.
