and by appointment.

The main syllabus for the course is available through the website, <http://www.math.uky.edu/~ma109/>. Students should study the carefully and be aware of all important policies.

**Course assistants.** R. Flores and K. Volz will help with the course. They will handle correspondence through mathclass.org and will hold office hours in Mathskeller at Tuesday, 2-2:50 pm, Wednesday, 3-3:50 pm, Thursday, 2-2:50 pm and Friday, 3-3:50 pm.

**Web homework.** This course will use web homework at mathclass.org. You will log in to this web site with your UK active directory user name and password. If you are registered for the course, your account will be created for you. Please make sure that you can log into your account.

**Attendance and quizzes.** We will take attendance with sign up sheets or with short quizzes. You will be allowed four unexcused absences. Your participation score will be 25 points multiplied by the percentage of times you are present. Change: 28 October. The number of unexcused absences is increased from four to five.

All quizzes will be turned in on 3 x 5 cards. Please make sure you bring cards to every class.

Students and instructors should not leave class early. Please do not use cell-phones, iPods, laptops and other distractions during class.

**Email.** In general, course email should go to [ma109016f08@gmail.com](mailto:ma109016f08@gmail.com) and will be answered by the instructor or one of the course assistants.

If you need to contact the instructor directly, please write [russell.brown@uky.edu](mailto:russell.brown@uky.edu)
